MEMORANDUM FOR THE RECORD

SUBJECT: Contact with Senator Clark from Iowa

On 4 October my old friend, Bill Whitson of Congressional Research Service, phoned me and said Senator Richard Clark of Iowa wanted to have a small dinner at the Yenching on 7 October for Whitson and myself. Also included would be Clark's aide Bruce Van Voorst. The subject under discussion at dinner would be China and Clark's main interest seemed to be to get Whitson, who had accompanied Schlesinger to China, to talk about his trip. Clark also wanted to pay me back for the dinner I had given him.
